Welcome

Axess International are specialist suppliers to the Healthcare sector, with over 35 years experience of supplying Medical Batteries and Accessories from our Leicester base. During that time, we have established a strong reputation built upon excellent service, high product quality and a comprehensive product range.

To complement our existing range of Medical Batteries, we supply a wide range of Original Manufacturer Medical Accessories – ECG cables, leads and electrodes, SPO2 cables and sensors, NIBP cuffs & hoses and AED/Defib electrode sets - with other products available upon request.

This new catalogue has been re-designed to help you find Original Manufacturer accessories simply and quickly. Our comprehensive range includes original accessories from Cardiac Science, Draeger, Nihon Kohden, Philips, Primedic, Schiller, Zoll and more, making Euro Energy a one stop solution for all your medical accessory needs.

Why buy from Axess International?

- Having supplied the medical sector for over 35 years, we are experienced in understanding the demands, needs and pressures of our Customers.
- With no minimum order quantity and access to all Manufacturers, Axess International allow you to build a multi manufacturer order, in the quantities you need, resulting in more effective use of limited budgets.
- Comprehensive stocks ensure many accessories can be dispatched quickly from stock, minimising your equipment downtime.
- Excellent levels of customer care.
- Registered with the MHRA.
- Fully compliant with European Medical Devices Directive 93/42/EEC.
- BS EN ISO 9001: 2015 Accredited Supplier, ensuring consistent quality and giving peace of mind.

We also supply Original Manufacturer batteries, compatible batteries, compatible UPS Batteries and emergency lighting batteries. Please ask for details.

To help you find and identify the correct accessory for your application, all accessories in this catalogue are listed in alphabetical order by manufacturer. ECG cables & leadsets are listed first, followed by SPO2 cables and sensors, then NIBP cuffs and hoses and finally ECG/AED/Defib electrodes and paddles.

Within each manufacturer, the accessories are listed in alphanumeric order by Manufacturer reference number, please see the example below to interpret the information given.
